

P/W Instruction & Repair Information

Due to the increased costs of maintaining this website and countless numbers of hours in over 40 years of developing my copyrighted illustrated step-by-step instructional materials, they are no longer available free-of-charge.

These ARE available via the purchase of my updated Thumb/Flash Drive. All files are printable for your convenience.

Over the years as P/W's longest serving dealer and parts designer, I have spent hundreds of hours developing top-notch, well-written, step-by-step repair instructions, observations, and repair hints. Each file was professionally developed to assist all P/W owners the ability to diagnose and repair their own progressive reloaders.

You can now order the Flash/Thumb Drive containing all of my copyrighted Ponsness/Warren or Perazzi instructions and related materials from S&W Supply LLC either at (605) 341-4412, or emailing: perazzi@swsupply.com.

The cost of the Thumb/Flash Drive is \$45 plus postage. I accept credit cards and PayPal.

May or may not have logo

I continue to develop materials at the suggestions of my customers. Thanks for your understanding. I do return calls with messages left, should I not get to the phone initially. I do get busy repairing Perazzi's and do not always stop to grab a call.

I still continue my professional Perazzi service and parts business.

For those of you who have made donations and suggestions, I have to say again a "**Big Thanks**" and know that I have you in preferred customer list.
